## 2. Hazards Identification

**GHS** Class

#### 2.1 Classification of the substance or mixture

Aquatic Toxicity (Chronic), Category 3

#### Classification according to Regulation (EC) No 1272/2008

Based on present data no classification and labeling is required according to Directive 1272/2008/EC and its amendments (CLP Regulation, GHS).

#### Classification according to Directive 67/548/EEC or Directive 1999/45/EC According to present data no classification and labeling is required according to Directives 67/548/EEC or 1999/45/EC.

#### 2.2 GHS Label elements, including precautionary statements

| GHS Pictograms           | Not hazardous   |
|--------------------------|---|
| Signal word              | Not hazardous   |
| Hazard statements        | H412: Harmful to aquatic life with long lasting effects |
| Precautionary statements | P273: Avoid release to the environment                  |

#### 2.3 Hazards not otherwise classified (HNOC) or not covered by GHS - None

Mixture

# 3. Composition/Information on Ingredients

| 3.1 | Product mixture |  |
|-----|-----------------|--|
|     | Formula         |  |

| Molecular wt | Mixture |
|--------------|---------|
| CAS-No.      | Mixture |
| EC-No.       | Mixture |
|              |         |

| Chemical Name       | CAS-No. | EC-No. | Ingredient Percent |
|---------------------|---------|--------|--------------------|
| Proprietary Mixture | n/a     | n/a    | 100%               |

Remarks

There are no additional hazardous ingredients greater than or equal to 1.0 wt% concentration or carcinogenic ingredients greater than or equal to 0.1 wt% concentration.

| 4.  | First Aid Measures                                      |  |  |
|-----|---|--|--|
| 4.1 | 1 Description of first aid measures                     |  |  |
|     | General advice  | Consult a physician. Show this safety data sheet to the doctor in attendance.  |  |
|     | Skin contact  | Wash off with soap and water. Consult a physician if symptoms occur.   |  |
|     | Eye contact   | Rinse thoroughly with plenty of water for at least 15 minutes and consult a physician if symptoms occur.   |  |
|     | Inhalation  | In case of difficult breathing, move person to fresh air. Consult a physician if symptoms occur.   |  |
|     | Ingestion   | Never give anything by mouth to an unconscious person.   |  |
| 4.2 | Most important symptoms a                               | nd effects, both acute and delayed   |  |
|     | Symptoms and effects                                    | The most important known symptoms and effects are described in the labelling (see section 2.2) and in section 11.  |  |
| 4.3 | Indication of any immediate                             | medical attention and special treatment needed   |  |
|     | Other first aid   | No data available  |  |
|     |   |  |  |
| 5.  | Fire Fighting Measures                                  |  |  |
| 5.  | i lie i igniling measures                               |  |  |
| 5.1 | Suitable (and unsuitable) ext                           | tinguishing media  |  |
|     | Suitable extinguishing media                            | Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide. Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.       |  |
| 5.2 | 2 Special hazards arising from the substance or mixture |  |  |
|     | Special hazards   | Excessive thermal decomposition at very high temperatures can lead to release of irritating gases and vapors. Keep product and empty container away from heat and sources of ignition. |  |
| 5.3 | Advice for firefighters                                 |  |  |
|     | Protective equipment                                    | Wear self-contained breathing apparatus for firefighting if necessary.   |  |
|     |   |  |  |
| 6.  | Accidental Release Meas                                 |  |  |
| 0.  | Accidental Acidase incas                                |  |  |
| 6.1 | Personal precautions, protect                           | ctive equipment, and emergency procedures  |  |
|     | Personal precautions                                    | For personal protection see section 8.   |  |
| 6.2 | Environmental precautions                               |  |  |
|     | Environmental precautions                               | In case of large spills, dike spill to prevent runoff into sewers and drains. Recover as much of the material as possible.   |  |
| 6.3 | Methods and materials for co                            | ontainment and cleaning up   |  |
|     | Methods for cleanup                                     | Soak up with inert absorbent material and dispose. Keep in suitable, closed containers for disposal.   |  |
|     | •   | • • •  |  |

6.4 References to other sections Other references For disposal see section 13.

# 7. Handling and Storage

| General hygiene considerations                                   |  |  |
|--|--|--|
| General hygiene  | Avoid contact with skin and eyes. In case of large quantities of vapor or mist, use local exhaust or general dilution ventilation to control exposure within applicable limits. For precautions see section 2.2. |  |
| 7.2 Precautions for safe handling                                |  |  |
| Safe handling precautions  | Keep container tightly closed in a cool, dry and well-ventilated place.  |  |
| 3.3 Conditions for safe storage, including any incompatibilities |  |  |
| Other storage conditions   | Apart from the uses mentioned in section 1.2 no other specific uses are stipulated.  |  |
|  | General hygiene Precautions for safe handling Safe handling precautions Conditions for safe storage,   |  |

| 8.  | Exposure Controls/Personal Protection   |  |
|-----|---|--|
| 8.1 | <b>Control and exposure limits</b><br>OSHA Standards<br>Threshold Limit Values<br>NIOSH Recommendations | recommended by the chemical manufacturer<br>No data available<br>No data available<br>No data available<br>No data available   |
| 8.2 | Appropriate engineering co<br>Engineering controls  | ntrols<br>Handle in accordance with good industrial hygiene and safety practice. Wash hands before breaks<br>and at the end of workday. Use adequate ventilation where dust forms to keep concentration under<br>exposure control limits.  |
| 8.3 | Individual protection measu   | ires, such as personal protective equipment  |
|     | Respiratory protection  | None required for consumer use. For manufacturing quantities: where risk assessment shows air-<br>purifying respirators are appropriate use a full-face respirator with multipurpose combination (US) or<br>type ABEK (EN 14387) respirator cartridges as a backup to engineering controls. If the respirator is<br>the sole means of protection, use a full-face supplied air respirator. Use respirators and<br>components tested and approved under appropriate government standards such as NIOSH (US) or<br>CEN (EU). |
|     | Eye/face protection   | None required for consumer use. For manufacturing quantities: safety glasses with side-shields<br>conforming to EN166 are recommended. Use equipment for eye protection tested and approved<br>under appropriate government standards such as NIOSH (US) or EN 166 (EU).   |
|     | Hand protection   | None required for consumer use. For manufacturing quantities: handle with gloves. Gloves must be inspected prior to use. Use proper glove removal technique (without touching glove's outer surface) to avoid skin contact with this product. Dispose of contaminated gloves after use in accordance with applicable laws and good laboratory practices. Wash and dry hands.   |
|     | Body protection   | None required for consumer use. For manufacturing quantities: wear impervious clothing. The type of protective equipment must be selected according to the concentration and amount of the dangerous substance at the specific workplace.  |

# 9. Physical and Chemical Properties

## 9.1 Information on basic physical and chemical properties

# 13. Disposal Considerations

#### 13.1 Waste treatment methods

Waste treatment disposal

Waste disposal must be in accordance with appropriate Federal, State, and local regulations. This product, if unaltered by use, may be disposed of by treatment at a permitted facility or as advised by your local hazardous waste regulatory authority

## 14. Transport Information

#### DOT (USA, NON-BULK)

Not regulated as a dangerous good

#### IATA (USA, NON-BULK)

Not regulated as a dangerous good

## 15. Regulatory Information

#### 15.1 Safety, health, and environmental regulations specific to the product or mixture

| SARA 302 Components    | No chemicals in this material are subject to the reporting requirements of SARA Title III, Section 302.   |
|------------------------|---|
| SARA 311/312 Hazards   | This material does not contain any chemical components with known CAS numbers that exceed the threshold (De Minimis) reporting levels established by SARA Title III, Section 311/312. |
| SARA 313 Components    | This material does not contain any chemical components with known CAS numbers that exceed the threshold (De Minimis) reporting levels established by SARA Title III, Section 313.     |
| TSCA                   | All components of this product are on the TSCA list.  |
| EINECS                 | All components of this product are on the European Inventory of Existing Commercial Chemical<br>Substances.   |
| Canada DSL             | All components of this product are on the Canada Domestic Substance List.   |
| CA Prop. 65 Components | This product does not contain any chemicals known to State of California to cause cancer, birth defects, or any other reproductive harm.  |
